Motorola Mobile Data Division, "RPM Native Mode Interface R1.1 Reference Manual", published September, 1992.

Although these documents were cited in the Information Disclosure Statement filed January 7, 1998, it is noted that applicants inadvertently omitted citation of the references on the 1449 Form submitted with the Information Disclosure Statement in the present application. Accordingly, a new 1449 Form listing the references is being submitted. The Examiner is respectfully requested to confirm consideration of the references and return an initialed copy of the form to applicants.

In addition, the following documents were cited by the Examiner in parent Application No. 08/456,860 in the Office Action mailed September 24, 1996:

U.S. Patent No. 5,457,680 to KAMM et al.;

U.S. Patent No. 5,404,392 to MILLER et al.;

U.S. Patent No. 5,379,448 to AMES et al.;

U.S. Patent No. 5,212,724 to NAZARENKO et al.;

U.S. Patent No. 4,969,184 to GORDON et al.; and

U.S. Patent No. 4,833,701 to COMROE et al.

M.P.E.P. § 707.05 states "In all continuation and continuation-in-part applications, the parent applications should be reviewed for pertinent art." Thus, it is assumed that the Examiner considered each of the U.S. patents listed above. Accordingly, a new 1449 Form listing the patents cited in the parent application is being submitted for the Examiner's convenience. The Examiner is respectfully requested to confirm consideration of the patents and return a copy of the form to applicants.

Copies of the references are not being resubmitted due to the fact that copies are in the parent application.
